

MARKET PRICES TO HIGHER PRICES

Most Important of Week's Developments Is Promise of Easy Money.

IMPROVED TONE IS SHOWN

Speculation Hinges Largely on Actions of Union Pacific Directors.

BY RHODAN WALL.
New York, September 28.—During the past week financial news turned largely to the Paris market, where the most important was the promise of easy money. Funds deposited in out-of-town banks by the government are rapidly finding their way to New York. This practically assures easy money over the October 1 period, and after that date returns may be expected from the farmers. An improved tone in investments is manifested by the steadily increasing demand for bonds and notes. New issues are quickly absorbed and new issues are in demand at advancing prices.

Paris Takes Flight.
When the French government notified the Paris bankers that international bonds would be discouraged until their proposed issues were floated, the world's stock exchanges first the metal and then copper shares. This first move gave the impression that the French government was about to abandon the financial world. The selling was quickly absorbed, however, and the market was again unsettled. The financial world was quickly absorbed, however, and the market was again unsettled. The financial world was quickly absorbed, however, and the market was again unsettled.

Speculation hinges largely on the probable actions of the Union Pacific directors. While no official figures are available, it is generally conceded that the world's stock exchanges first the metal and then copper shares. This first move gave the impression that the French government was about to abandon the financial world. The selling was quickly absorbed, however, and the market was again unsettled. PURDY SCHOOL OPENS.
New Emporia, Va., September 28.—The Purdy School opened on Monday last with a good attendance. One room has been added during vacation, and the building has been valued at \$2,500. The school is in charge of Miss Virginia Barrow, Miss Lillian Lashley and Miss Myrtle Jolly.

Independent Henry MacIn visited this school on Thursday to outline the sessions work. The school will send an exhibit to the County School Fair.

However, possibly, the schools in Greensville County have been consolidated and located on good roads. All schools have been recently put in good repair, several have been enlarged, one new school completed, and one two-room school is in course of erection, at a cost of \$1,500. All schools will open on October 6.

Friday of the fair week, October 24, is designated for Teachers and pupils will assemble at the fair grounds. The Emory High School and march to the fair grounds. Prizes have been offered in the primary and grammar grades on natural history, domestic art and science, manual training, writing, drawing, geography and English work, and in the high school on penmanship, English composition, drawing, water colors and domestic art and science.

Peaceful Conditions Prevail.
Trinidad, Col., September 28.—Peaceful conditions prevailed throughout the day in the so-called zone of the Southern Colorado Coal and Iron Company. The State Police notified the operators that they must allow the miners who had left the mines to return without molestation for their household goods.

NEW HIGH RECORDS IN COTTON MARKET

September Contracts Sell Through Predicted 14-Cent Level, and December Is \$15 a Bale Above Low Level of Last August—Weather Conditions More Favorable

New York, September 28.—Prices made new high records for the season during the day's trading, with September contracts selling through the predicted 14-cent level, while December touched 13.81 or \$15 per bale above the low level of last August. The market at the close last night was within a few points of the best on a more active and more general buying movement than had shown itself at any time earlier in the week, owing to more favorable reports from Washington, further activity in the southern spot markets, and a growing impression that foreign spinners are rapidly finding their way to New York. This practically assures easy money over the October 1 period, and after that date returns may be expected from the farmers. An improved tone in investments is manifested by the steadily increasing demand for bonds and notes. New issues are quickly absorbed and new issues are in demand at advancing prices.
